

Colac Bay

With a perfect dose of surroundings presented in the house from the large floor to ceiling windows and framing, this home reinforces its surroundings, giving off the feeling that it's a natural progression of the landscape. It celebrates an open living area with kitchen, dining room, living room and study nook all blended into one without any walls or fixtures. Featuring a carport, large wooden deck, one master and two bedrooms, it shows that it is not only a work of art but a functional piece as well.
